

MEAP Demographic Report

In this example we are looking at the demographic break down of 3rd graders who took the MEAP over the past 3 years.

To produce this report using the Data Warehouse:

1. Open the BAISD Data Warehouse and click on the **MEAP** tab.
2. Click on the current school year or select multiple years.
3. Select appropriate **grade level** (GradeLevel = 3),
4. Select the **SubjectName** under the MEAP Selections or use the bookmarks CNA grouped subjects.
5. Under Select Analysis, click on **Performance by Subject and Year**
6. From the Reports menu, select **MEAP Demographic**
