

Benefits of Common Formative and Summative Assessments

Course: The most effective strategies are those which direct students toward a conclusion and most often toward a successful assessment. What teachers use in the assessment process is as important as what they use in the instructional process. What standards do we use? What measurement do we use? How often do we assess?

This class will utilize the theories and practical applications developed by Marzano and others, and will focus on the standards that lead to assessment. Teacher-leaders will work with the Pearson Assessment system to develop standards-based assessments for English Language Arts and Mathematics.

Outcomes: Participants will learn about effective assessments for students and will also learn effective ways of developing assessments by using the Pearson Benchmark system at BAISD.

Dates: November 4, December 2, 2009, February 24, March 24, April 7, and May 5, 2010

Time: 4:30 – 7:30 p.m.

Location: Bay-Arenac ISD – Academy Room
4228 Two Mile Road
Bay City, MI 48706

Cost: \$100

Credit: SB-CEUs or SVSU (pending application approval)

Maximum Participants
20

Minimum Participants
10
