

# Building Your Course Online Winter/Spring Course

**Course:** As the year progresses, you may want to develop your course content in an online format. "Building Your Own Online Course" will provide you with the essentials that should be included in an online course, and will discuss strategies for delivering that content.

With PD opportunities from LearnPort and hands-on guidance, you will be able to build your course in Moodle and facilitate your course effectively in your classroom.

**Outcomes:** Participants will learn how to develop an online course by adding content, developing effective discussions, and creating online assessments. They will also learn about effective facilitation strategies - applying the "how-to's" in their own environment.

**Dates:** January 27, February 24, March 24, April 28, 2010

**Time:** 4:30 – 7:30 p.m.
