

Restorative PRACTICES

Advanced Strategies for Conflict and Community

[Register Now!](#)

This session is designed for educators who have completed an introductory restorative practices training or have a foundational understanding of restorative principles. Building on that foundation, participants will engage in deeper learning and hands-on practice with Tier 1 and Tier 2 restorative strategies. Participants will explore effective approaches for resolving conflict, strengthening relationships with hard-to-reach students, and identifying restorative—not punitive—responses to challenging behaviors. Through interactive activities and facilitated circle practice, attendees will gain practical skills to foster a more connected and supportive classroom community.
