Facilitators:

Jennifer Socha, Director of Instructional Services

Becky Smith, Director of Special Education

Stacey Meininger, Whole Child Systems Supervisor

AUDIENCE

Open to principals and assistant principals across general education, special education, and whole child systems leadership.

The BAISD Principals Network is a collaborative leadership series designed to support principals in navigating the complex realities of school leadership.

Facilitated through a partnership between Instructional Services, Special Education, and Whole Child Systems, this network creates space for leaders to connect, problem-solve, and learn together through the lens of supporting all learners.

Sessions will include timely updates, leadership learning, roundtable discussions, and collaborative problem-solving focused on instructional leadership, student support systems, behavior and SEL needs, special education, and school improvement.

Designed with the realities of the principalship in mind, this network prioritizes practical support, meaningful collaboration, and relevant conversations principals can immediately apply within their buildings.

LOCATION

Bay-Arenac ISD, ESC
4228 Two Mile Road
Bay City, MI 48706

TIME

Kick off meeting will be
9:00 am - 2:00 pm
