AUDIENCE

This professional learning series is for classroom teachers.

COST

No Cost

FACILITATORS:

Jennifer Socha, Director of Instructional Services

This is a 4-part learning series. We will explore how to support students in thinking, processing, and communicating like subject area experts; whether in science, math, social studies, or the arts.

Each session will include time for reflection, discussion, and simple strategies you can immediately apply in your classroom. Whether you're new to this work or looking to deepen your understanding, this series is designed to meet you where you are and help you grow.

Lunch will be included for the January 21st full day session only.
