

Michigan Model for Health:

Innovate, Adapt, and Elevate Your Teaching

[Register Now!](#)

Facilitator: Barry Schmidt, Health Coordinator

Audience: Health educators, PE teachers, and school staff implementing MMH in grades K-12. Whether you're a seasoned instructor or new to the curriculum, you'll leave with practical strategies and ready-to-use adaptations that make MMH even more impactful in your classroom

Take your Michigan Model for Health (MMH) instruction to the next level with this hands-on training focused on planning, customization, and real-world application! This session will equip educators with the tools to adapt MMH lessons to meet the unique needs of their students while maintaining fidelity to the curriculum's evidence-based approach.

What You'll Gain:

- Practical strategies to tailor MMH lessons for diverse learners and classroom settings
- Hands-on planning time to customize lessons and activities for your students
- Guidance on aligning MMH with school and community health initiatives
- Creative adaptations for integrating technology, real-world scenarios, and student-driven learning
- Collaboration with fellow educators to share insights, challenges, and best practices

Join us to innovate, adapt, and elevate your MMH instruction—because every student deserves engaging, relevant, and effective health education!

DATES

November 20, 2025
March 18, 2026
