Latest Drug Trends & Prevention Strategies

Audience

Teachers and Educators

Facilitator

Barry Schmidt
BAISD Health Coordinator

This training session will cover various health topics and promote healthy habits.

- It will include discussions on different ways of consuming alcohol, marijuana, and vaping materials, as well as current drug trends, risk and protective factors, and hidden stash products.
- We will also provide information on effective prevention strategies and additional programs.
- We will offer implementation planning and community resources to help attendees put into practice the strategies and programs discussed during the training.

*If you are an educator in a district or ISD outside of BAISD or IRESA, additional fees may apply.
