

NAVIGATING THE EVOLVING LANDSCAPE

Educator's Guide to Emerging Drug Trends & Prevention Strategies

Audience

Teachers and Educators

Facilitator

Barry Schmidt
BAISD Health Coordinator

This training equips educators with the knowledge and tools to stay ahead of emerging drug trends affecting youth. Participants will explore the latest substances, concealment methods, and patterns of use, as well as evidence-based prevention strategies. Through interactive discussions and real-world scenarios, educators will learn how to foster open conversations with students, recognize early warning signs, and collaborate with community resources to support prevention efforts. This session empowers educators to create safer, healthier learning environments while adapting to the ever-changing landscape of substance use.

*If you are an educator in a district or ISD outside of BAISD or IRESA, additional fees may apply.
