

Principal Network & Coaching Collaborative Network Series

Facilitator: Steve Seward

AUDIENCE

This professional learning series is for building administrators and/or literacy or instructional coaches

This four part series will focus on the following topics:

- **June:** Unifying for Success: Building Our Team
- **August:** Maximizing Engagement: Facilitating Meetings and Professional Learning for Adults
- **November:** Analyzing Data for Student Growth
- **February:** Turning Difficult Conversations into Meaningful Action

Time will be built into each session for administrators and/or coaches to work on putting the learning into practice and creating plans to take back to your buildings.

Outcomes:

1. Strengthening Organizational Culture - Fostering a positive and values-driven culture that enhances collaboration and engagement.
2. Empowering Individuals for Success - Equipping team members with the skills, strategies, and leadership mindset needed to drive meaningful impact.
3. Enhancing Systems for Efficiency - Streamlining processes and implementing effective systems that support sustainable growth and high performance.
