ADDENDUM 3

Client / Address	Bay Arenac Intermediate School District	Project / Location	Electronic Safety and Security BAISD buildings
Date Issued	July 17, 2023	Project Number	

A3-1 NOTICE: The bid documents are amended herein which adds to and/or supersedes conflicting or additional information in the Request for Proposal.

1. Work covered by this Addendum shall be subject to the Introduction, Terms and Conditions and Technical Specifications.
2. Acknowledge this Addendum on the Cost Analysis Worksheet and include the cost of the work herein specified in the Bid.
3. **Notice:** The required electronic copies of the proposal must be in every way a duplicate of the hard copy. Provide the electronic copy in separate PDFs by tabular section as required by the hard copy. Failure to provide a duplicate of all information in both formats will be grounds for non-compliance and disqualification.

A3-2 Questions (Cutoff at 12:00 PM today)

1. Can you explain the difference between Video master stations, Lockdown buttons, and remote door release?
 - a. Video Master Station is the location a video intercom call rings to. Lockdown buttons cause specific doors to be secured to only specified users (first responders, etc.). Remote door release allows an electrically locked door to be opened by someone from their desk if that is where the button is located. See also Section 28 00 00.
2. Discrepancy between the schedule & marks & spec for the camera types. We have considered as per the schedule. Please advise?
 - a. Use the schedule per the pre-bid meeting.
3. REX not shown on the drawings but available in the schedule as to be replaced for few doors. We have included REX as per the schedule. Please advise.
 - a. Use the schedule per the pre-bid meeting.
4. In the access control schedule portion, we have considered new devices for the one shown as to be replaced and New. Is that correct. Please advise.
 - a. Use the schedule per the pre-bid meeting.
5. Camera counts not matching with the schedule and the markup. Please advise
 - a. Please use the larger of the quantities and indicate those that have a discrepancy. We will use the BOM installed unit pricing to back any extras out.

6. Maglock & maglock release not considered as part of access control assuming to be provided by electrical contractor for the door hardware.
 - a. Correct
7. For the VMS & ACS, its shown as existing video management equipment. If existing site, is the existing hardware & software capable of handling expansions for video & access system. Please advise.
 - a. All existing security equipment is to be replaced.
8. Existing cameras are not considered which are shown on the markup.
 - a. Only cameras that are not a direct replacement are shown on the drawings. All existing must be demo'd.
9. Which type of reader to be considered. Please advise. Can we go with the standard HID OSDP version 2 multiclass high frequency readers as specified. Which type to used keypad or w/o keypad, OSDP/ Weigand?
 - a. No keypads are included in the project, provide without keypad.
 - b. New readers must be able to reuse the existing ISD staff credentials, which use Wiegand.
10. Is cloud archiving needed for the video system as specified?
 - a. Not required.
11. Is server & client PC provided by Owner as specified?
 - a. Only the client PCs are Owner furnished. Servers are part of this RFP.
12. Do we need to provide the storage calculation for servers.
 - a. Yes, to confirm that they meet the storage requirements.
13. 2-year warranty specified. Is it for both hardware & software. Please advise.
 - a. Yes, both Manufacturer hardware and software assurance warranties are required. A one (1) year integrator installation warranty is also required.
14. Video display quantities not specified. Please advise.
 - a. Identified on the project drawings.
15. Since the RCP plans are not available, can we go ahead and consider the recessed ceiling mounts for ceiling cameras. Please advise.
 - a. All ceilings are lay in acoustical tile at the location where cameras are to be installed.
16. No headend shown for the living & learning center. Only one shown on Arenac LLC security center. Do we need to consider one for LLC.
 - a. BLLC has a single closet – the MDF. This is where the equipment is to be installed. The same is true for the ALLC.
17. Intercoms considered as shown on the markups. Please advise.
 - a. Use the schedule per the pre-bid meeting.
18. No master stations shown on ESC center for intercom.
 - a. Provide one (1).
19. How many clients or workstations will be utilized?
 - a. Estimate 1 per site at the BLLC, ALLC, Conference center, Transportation, and two at the career center and the ESC.
20. How many of the 100 new credentials will be required to be program?
 - a. Provide cost per user to program. Likely the district will make their own credentials as they are also staff ID.

End of Addendum 3
